

Early Detection, Diagnosis, and Treatment Task Force

Staff Contact: Kristen Power, Kristen@nevadacancercoalition.org, 775-737-4056

Chairperson: Lisa Dettling, ldettling@nvhealthcenters.org, 775-888-6619

Vision: Promote, increase, and optimize high-quality cancer screening and early detection for all Nevadans.

Annual Objective: Increase the percentage of Nevadans up-to-date with breast, cervical, and colorectal cancer screening.				
Connection to Cancer Plan: Screening Goals 2.1 - 2.4 to decrease the percentage of late-stage diagnoses of breast, cervical, and colorectal cancers.				
Leads	Key Activities	Due Date	Mtg. Date	Status on Activity
Kristen; Key support from entire task force	Develop on-demand and live training videos/presentations for MAs and CHWs and clinics and primary care offices	Ongoing	1/11/2018	Agenda for trainings finalize and first to start at end of January.
			3/8/2018	First two videos/webinars completed and rest of training modules are under construction. Remaining speakers confirmed.
			5/10/2018	Most webinars complete with final two at end of May and in June. Topics for future webinars discussed.
			9/27/2018	
			11/8/2018	
Kristen	Identify opportunities/needs for tools to promote screening.	Ongoing	1/11/2018	Infographics for breast, cervical, and colorectal cancers including Nevada stats have been created. More in the works including lung, survivorship, melanoma, liver, and prostate.
			3/8/2018	Will be printing some of the infographics as budget allows.
			5/10/2018	Toolkits being delivered to CHWs at clinics in Las Vegas & Rural Nevada throughout May
			9/27/2018	
			11/8/2018	
Kristen; support from task force	Increase the number of screening providers who implement a reminder and recall system to increase screening rates	Ongoing	1/11/2018	NN Hopes has implemented reminder recall for cervical cancer screening.
			3/8/2018	CHA is working with ACS to implement a more robust reminder recall for CRC screening.
			5/10/2018	No progress.
			9/27/2018	
			11/8/2018	

Annual Objective: Increase the percentage of eligible Nevadans receiving lung cancer screening.				
Connection to Cancer Plan: Prevention Goals 1.2 -1.3 to decrease youth & adult tobacco use. Screening Goal 2.4 to decrease the percentage of late-stage diagnoses of lung cancers.				
Leads	Key Activities	Due Date	Mtg. Date	Status on Activity
