

## Volunteer Description

Are you outgoing, energetic, and interested in improving the health of your community?

Volunteer for Sun Smart Nevada, the Nevada Cancer Coalition's sun safety awareness and skin cancer prevention program. Sun Smart volunteers educate people at community events and build awareness for sun safety and skin cancer prevention in schools, workplaces, and outdoor recreation areas. They also share information on the harms of UV-radiation and tanning devices, as well as how to protect against and identify skin cancer.

Sun Smart Nevada volunteers receive free training and orientation to be informed ambassadors of the program.

### Volunteer Tasks:

- Set up and take down table and tent at community events
- Promote sun safety tips
- Help educate about skin cancer prevention and early detection
- Distribute information and other materials at community events, fairs, and festivals
- Encourage others to get involved with Sun Smart Nevada through donations or volunteering

### Preferred skills and experience:

- Must be at least 16 years old
- Be able to lift, pull, or carry 40 lb.
- Physical movements of stooping, bending, reaching
- Stand for longer periods of time (could be 1-2 hours)
- Enthusiasm and initiative to speak to others at community events
- Bonus! Background with health science, public health, and/or nursing
