

Table 1. Procedure Codes for Potential Survivorship Services Codes Description

Codes	Description
99211 – 99215	The physician, midlevel provider, or facility can only charge for a medical visit with established patient visit codes when the patient has a medically necessary face-to-face visit with documentation of history, examination, and medical decision-making. Established patient visit services would include ongoing treatment for complications, late effects of therapy, long-term effects of the neoplastic process, or other sequelae of the disease and/or treatment process.
99381 – 99387	Initial comprehensive preventive medicine evaluation and management of an individual, including an age and gender appropriate history, examination, counseling/anticipatory guidance/risk factor reduction interventions, and the ordering of laboratory/diagnostic procedures, new patient.
99391 – 99397	Periodic comprehensive preventive medicine re-evaluation and management of an individual, including an age and gender appropriate history, examination, counseling/anticipatory guidance/risk factor reduction interventions, and the ordering of laboratory/diagnostic procedures, established patient. Of note, an insignificant or trivial problem that is detected during the performance of a preventive medicine evaluation and management service and which does not require additional work or the key components of a problem-oriented E/M service should not be separately reported.
99401 – 99404	Preventive medicine counseling and/or risk factor reduction intervention(s) provided to an individual (separate procedure). Because this service is designated as a “separate procedure,” it will not be charged if any other service is performed on the same service date.
99411 – 99412	Preventive medicine counseling and/or risk factor reduction intervention(s) provided to individuals in a group setting (separate procedure).
99406 – 99407	Smoking and tobacco use cessation counseling visit.
99408 – 99409	Alcohol and/or substance (other than tobacco) abuse structured screening (e.g., AUDIT, DAST) and brief intervention (SBI) services.
97802 – 97804	Medical nutrition therapy.
90901	Biofeedback training by any modality.
96040	Medical genetics and genetic counseling services, each 30 minutes face-to-face with patient/family. Genetic testing will be separately charged.
96150 – 96155	Health and behavior assessment (e.g., health-focused clinical interview, behavioral observations, psycho-physiological monitoring, health-oriented questionnaires) or health and behavior intervention.
99605 – 99607	Medication therapy management services.
99078	Physician or other qualified healthcare professional qualified by education, training, licensure/regulation (when applicable), educational services rendered to patients in a group setting (e.g., prenatal, obesity, or diabetic instructions).

Table 2. HCPCS Codes for Potential Survivorship Services

Codes	Description
S0220 – S0221	Medical conference by a physician with interdisciplinary team of health professionals or representatives of community agencies to coordinate activities of patient care (patient is present).
S0255	Hospice referral visit (advising patient and family of care options) performed by nurse, social worker, or other designated staff.
S0257	Counseling and discussion regarding advance directives or end-of life care planning and decisions, with patient and/or surrogate. (List separately in addition to code for appropriate E/M service.)
S0265	Genetic counseling, under physician supervision, each 15 minutes.
S0315 – S0320	Disease management program services.
S5190	Wellness assessment, performed by non-physician.
S9449	Weight management classes, non-physician provider, per session.
S9451	Exercise classes, non-physician provider, per session.
S9452	Nutrition classes, non-physician provider, per session.
S9453	Smoking cessation classes, non-physician provider, per session.
S9454	Stress management classes, non-physician provider, per session.
S9470	Nutritional counseling, dietitian visit.

[From ASCO Website](#)

DEVELOPING THE TREATMENT PLAN AND SUMMARY CARE PLAN

The following codes are temporary codes and are not recognized for reimbursement by Medicare or Medicaid:

S0353	Treatment planning and care coordination management for cancer; initial treatment
S0354	Treatment planning and care coordination management for cancer; established patient with a change of regimen

While reimbursement is currently not available for the completion of the Survivorship Care Plan, composed of the treatment summary and long-term care plan, ASCO and others are actively working on legislation to enable providers to bill for this service.

MONITORING FOR AND MANAGING PHYSICAL LATE EFFECTS

99211	Office or other outpatient visit for the evaluation and management of an established patient, which may not require the presence of a physician. Typically 5 minutes are spent performing these services.
99212	Office or other outpatient visit for the evaluation and management of an established patient, which requires at least 2 of these 3 components: a problem focused history; a problem focused examination; straightforward medical decision making.
99213	Office or other outpatient visit for the evaluation and management of an established patient, which requires at least 2 of these 3 components: an expanded problem focused history; an expanded problem focused examination; medical decision making of low complexity.
99214	Office or other outpatient visit for the evaluation and management of an established patient, which requires at least 2 of these 3 components: a detailed history; a detailed examination; medical decision making of moderate complexity.
99215	Office or other outpatient visit for the evaluation and management of an established patient, which requires at least 2 of these 3 components: a comprehensive history; a comprehensive examination; medical decision making of high complexity.

PROVIDING HEALTH EDUCATION AND PROMOTION COUNSELING

99354	Prolonged Direct E/M; 1st hour (30-60 min)
99355	Prolonged Direct E/M; Each Add'l 30 min
99358	Prolonged E/M, Patient Not Present; 1st hour (30-60 min)
99359	Prolonged E/M, Patient Not Present; Each Add'l 30 min
99406	Smoking and tobacco-use counseling, 3-10 minutes
99407	Smoking and tobacco-use counseling, greater than 10 minutes
