

Survivor Story Guidelines

At Nevada Cancer Coalition we like listening to and sharing stories. In fact, we'd love to hear yours. If you're a cancer survivor or a cancer caregiver in Nevada and would like to share your story with others we invite you contribute to our collection of "Survivor Stories". We just have a few guidelines to get you started:

- Stories should be about 1,000 words or less. But they can be shorter, so don't stress over length too much.
- Share only what you feel comfortable with. Your story will be shared by NCC on our website at www.NevadaCancerCoalition.org, and we may also use it in full or in part in our e-newsletters, social networks, or other materials.
- A picture is worth a thousand words. Double the impact of your story by providing a photo as well. It can be you before, during, or after cancer.
- NCC may edit your story for grammar and punctuation, but we won't alter or remove details without your permission.
- Please be sure to sign the consent and release for NCC to publish your story and use your provided image so we can be sure you're ok with our use of them.
